You should read this form and the notes below carefully. If there is anything you do not understand ask the Practitioner for an explanation. If the information is correct and you understand the procedure, you should sign the form. You have the right to change your mind at any time, including after you have signed this form.

I understand

- The procedure, important risks and appropriate alternatives which have been explained to me by the practitioner named on this form.
 Who will be performing my procedure on the day
- That any procedure in addition to that named on this form will only be carried out if it is necessary and is reasonable in the circumstances, in relation to the medical treatment proposed, to safeguard or promote physical or mental health.
- That examination for the purpose of teaching will not be undertaken without my consent.

I have been told about additional procedures which may become necessary during treatment. I have listed below **any procedures which I do NOT wish to be carried out without further discussion.**

I agree

- to the administration of an anaesthetic or to sedation if required,
- to the procedure named on this form,
- to the emergency administration of blood or blood products.

Additionally you have to agree or disagree to the following

to photographic images and video recordings being held in records, and made available for teaching, audit and ethically-approved research purposes, to improve the quality of patient care.

Agree Disagree

that surplus tissue or other biological material not essential for my diagnosis or future treatment may be used for medical education and ethically approved medical research.
