## Warfarin Patients's Protocol on Admission and Discharge from Hospital!!

- ❖ Please contact Anticoagulation Department to advise of admission.
- ❖ Please contact Anticoagulation Nurse's for any dosing advice and queries.
- ❖ On discharge please always refer patient back to Anticoagulation Clinic for follow up.
- ❖ Please have the following information available for the team. Always call the office first:-
  1. Reason for patients admission.
  2. Has there been any medication changed?
  3. What dose of the warfarin they are being discharged home on?
  4. A copy of the INR chart and discharge prescription has to be faxed or emailed to the team. An appointment will then be given.
