*Supporting Decisions by ALL Care Home and Care at Home Staff*

This app is provided **freely** to **all** care home and care at home services in Scotland, as part of the national decision support programme funded by Scottish Government.

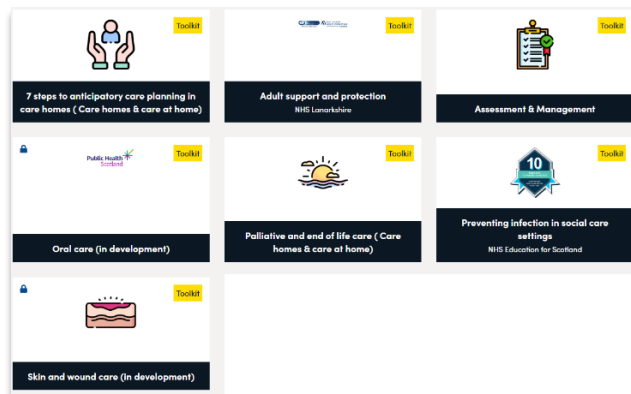

It delivers easy to use guidance and practical tools to support careworkers in:

- **Delivering day to day care**
- **Communicating with the wider multi-professional team**
- **Learning and personal development.**

*‘The app was full of useful hints and tips regarding all communications and daily challenges we face but are maybe not prepared for.’* (Care home worker)

The app gives you seven toolkits:

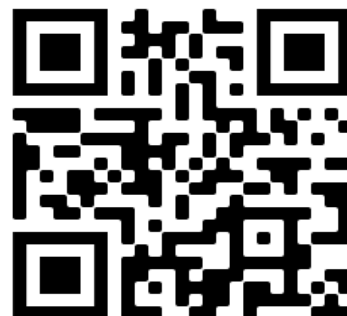

- **7 steps to anticipatory care planning in care homes**
- **Adult support and protection**
- **Assessment and management**
- **Oral care\***
- **Palliative and end of life care**
- **Preventing infection in social care settings**
- **Skin and wound care\***

\*These two toolkits will be available soon
